

Welcome!

I am glad you are considering our YWKidslink program for your childcare resource. We take pride in providing high quality childcare in a setting that encourages respect for each individual and provides opportunities to play and work in a social setting that develops community responsibility. Our programs are licensed by the state of Connecticut and are run by experienced and certified Head Teachers.

The fees are listed in the registration packet that is included with this letter. You may choose mornings, afternoons, or both. You may also choose 3 days or 5 days. Morning programs open at 7 AM. Afternoon programs close at 6 PM. **Our programs meet in the cafeteria of the school. We also use the playground.**

Please fill out all of the forms completely. In the section for emergency contacts, please give us at least two other people who can take responsibility for your child if we are not able to reach you. We will, of course, always try to reach you first and if we don't reach you in person we will leave messages for you. Many parents tell us that they always have their cell phone and that we will always be able to reach them, so they don't want to list any emergency contacts. Sadly we have found that cell phones are not 100% reliable and we have, in the past, had trouble reaching some parents. For this reason we must insist that you provide two emergency contacts.

State regulations require that we have a copy of your child's Health Assessment Record on file at our program site. This is the same record that is required by the school, and we can accept a photo copy of the form you provide to them. Health Assessment Records are valid through the fifth grade year. Our licensing regulations require that we have written proof that your child has been screened for TB. If your school form does not include that proof, you will need to have your physician complete that section of the form before your child may attend Kidslink. Many physicians will simply check the box that says your child is not in a high risk group. Please be sure your physician has checked that box or has tested your child for TB and provided the results of the test on the form. If you do not have a copy of the Health Assessment Form you gave to the school, please contact the school nurse to request a copy. We are not able to obtain your child's health records directly from the school. Because of concerns for privacy only you can request that those records be forwarded to us.

Many of our programs fill quickly so it is important that you return the completed registration packet and the required fees to our office as soon as possible. We have provided a checklist of required forms and fees at the end of this letter. We accept registrations on a first come, first served basis. Our capacities are dictated by our state licenses so we are not able to expand our programs once we have reached the maximum number indicated on our license.

After we have processed your registration you will receive a confirmation via email. Please be sure to view our School Age Family Handbook at www.ywcahartford.org for YWCA Hartford Region's policies and procedures. If you have any questions about fees or forms please feel free to call our billing specialist, Tanisha at (860) 525-1163 x114.

I know that the choice of a high quality child care provider is important to you. If I can answer any questions to help you make that choice please feel free to contact me at DanaS@ywcahartford.org or (860)525-1163 x108.

I look forward to meeting you.

Sincerely,

Dana Sears

Director of School Age Programs
