Day 4 of 7
7 Day Allies Advocacy Challenge

HERE IS HOW YOU CAN TAKE ACTION

**Workplace: Step In**

**Action 1:** Take a moment to notice your work environment. Who do you see? Does everyone look the same? Do the people you sit next to every day have the same experiences as you in this world? We can easily overlook the diversity of our workplace when we become solely focused on ourselves and our responsibilities. So, it is important to first do some self-reflecting and then become educated on Diversity, Equity & Inclusion. **Action 2:** If you hold a leadership role in your workplace, take the time to assess the needs and concerns of your staff. Do they feel seen, heard, are their needs being met? Do they feel like they are being equally represented in the workplace? If not, it is important to reassess your companies’ policies around diversity. What is missing? It is important to push your senior leaders to step up and break down structural inequities. **Action 3:** Part of stepping in, in the workplace is having conversations about race. If there are specific concerns surrounding race in your workplace, it is crucial to address them and provide the proper resources to facilitate change and to create a safe, equitable workplace for all employees.
